

HIGH INTENSITY NON-VISIBLE INTELLIGENT ILLUMINATION

STAR
Safety Technologies by *Grote*

SEE SAFETY IN A WHOLE NEW LIGHT.

Turn high-visibility clothing, reflectors, and equipment into active safety devices with High Intensity Non-Visible Intelligent Illumination (HINVII). HINVII lamps use non-visible, low-wavelength light to brilliantly illuminate any high-visibility material, significantly raising its conspicuousness without blinding personnel and surrounding traffic. Create a safer, more visible work zone with HINVII.

HINVII

79276

79266

FEATURES & BENEFITS

- Get the most out of Hi-Viz clothing and gear, enhancing worksite visibility and safety
- Perfect for Applications where Hi-Viz clothing is used: Police, Fire, EMS, Utility, Refuse Collection, and more
- Ultra Thin profile bezel mount with 79276
- Ultrasonic weld fuses lens to plastic base providing maximum weather tight seal on 79276 ($7\frac{1}{16}'' \times 1\frac{5}{32}'' \times 5\frac{3}{32}''$)
- Robust design utilizing a heavy duty die cast aluminium base on 79266 ($1\frac{1}{2}'' \times 1'' \times 4\frac{31}{32}''$)
- HINVII® technology combined with Amber warning lights will enhance worksite visibility and safety
- NV with Amber LED version offers 12 different selectable flash patterns
- Can be used with or without an external flasher
- Can be easily mounted to just about any solid flat surface
- Color: NV NV

Environment with low lighting

Environment with added short wavelength light

PART #	DESCRIPTION	TERMINATION	VOLTAGE	AMPERAGE
79276	Six NV LED's	BLUNT CUT	12/24VDC	0.4A
79276-3	Six NV LED's, bulk pack	BLUNT CUT	12/24VDC	0.4A
79266	Four NV LED's, six flashing Amber LED's	BLUNT CUT	12/24VDC	0.4A
79266-3	Four NV LED's, six flashing Amber LED's, bulk pack	BLUNT CUT	12/24VDC	0.4A
